

LAZAR STOJANOVIĆ

LAZAR STOJANOVIC

Frontend Lead

stojanovic.lazar.lazar@gmail.com | +381 69-50-35-600 | [Portfolio](#) | [LinkedIn](#) | Nis, Serbia

SUMMARY

Software Engineer with 6+ years of experience building and leading frontend delivery on Angular and React projects across telecom, healthcare, and financial services. Proven Frontend/Feature Lead who scales teams — up to 8 developers, 5+ juniors mentored, 20+ technical interviews run. Delivers tangible outcomes, from custom UI libraries to accessibility-certified products. Looking for a senior frontend or lead engineering role on a team building high-impact, client-facing products.

KEY AREAS OF EXPERTISE

JavaScript | TypeScript | React | Angular | AngularJS | Redux
RxJs | Jest | Team Leadership | Mentoring | Technical Interviewing | Documentation

SKILLS

AI-Assisted Development: Cursor | Claude Code | MCP Tools | AI-Driven Development Workflows

Frontend Frameworks: React | Angular | AngularJS | Next.js

React Ecosystem: React Router | React Hook Form | React Query / TanStack Query | Radix UI

Styling: Styled-Components | Tailwind CSS | CSS | HTML

State & Data: Redux | RxJs

Data Visualization: Chart.js | Grafana | Jasper Reports

Testing & Tooling: Jest | Storybook | Git | SVN

Leadership: Team Leadership | Mentoring | Technical Interviewing

CAREER HIGHLIGHTS

- Led a frontend team of up to 8 developers on an internal Angular/AngularJS platform, sustaining continuous delivery over 2 years to support organizational restructuring, cost optimization, and employee performance evaluation.
- Mentored 5 junior developers simultaneously, enabling them to independently own 2 features within 3 months.
- Built a complete UI library from the ground up using React, Next.js, and Radix, standardizing frontend development across a health-industry product.

EXPERIENCE

Frontend Lead | Symphony 2025 – Present

AI-Driven Financial Forecast Project (Angular, PrimeNG, Storybook, Jest)

- Led frontend development of an AI-driven financial forecasting platform using Angular and PrimeNG, delivering the platform to production and directly supporting client-facing forecasting decisions.
- Built a custom UI library and component set that was adopted project-wide, standardizing the frontend and cutting development time on future features. The library's design later became the basis for a broader UI standard adopted across other projects.
- Adopted AI-assisted coding tools (Cursor, Claude) to speed up development, scaffolding, and code review, shortening feature turnaround across the frontend codebase by 50%.

Financial Project (Next.js, TypeScript, Jest)

- Delivered 5 new features and held 3 client demos for a financial platform using Next.js and TypeScript.

Software Engineer | HTEC Group 2020 – 2025

- Led a frontend team of up to 8 developers using AngularJS and Angular 2+, organizing sprints and mentoring junior developers and interns to full onboarding.
- Built a complete UI library on top of Radix using React, Next.js, and TypeScript, powering feature delivery across a health-industry product line.
- Upgraded a government identification client project to modern accessibility standards using React, achieving third-party accessibility testing and certification.
- Mentored up to 5 junior developers/interns at a time and conducted 20+ second-chair Angular interviews, contributing directly to HTEC's Angular hiring roadmap.

Software Engineer – Contractor | HEFES Technology Group 2022 – 2024

- Enhanced a cloud storage platform using React and Redux, resolving a backlog of over 50 bugs while improving UI consistency leading to better performance and user experience.
- Maintained and extended a government medical project built on AngularJS, resolving production bugs and shipping new functionality.
- Set up and built an admin panel for a medical project using Angular, integrating Jasper reporting to expand the platform's reporting capabilities.

EDUCATION

Electrical and Computer Engineer | Faculty of Electronic Engineering

Multimedia electrical Technician | "Rade Metalac" Technical School
